

FY94 Missouri Lottery Proceeds Appropriations

(revised 4/15/10)

Since 1986, the Missouri Lottery has contributed more than \$550 million to the state of Missouri and public education. Annual Lottery contributions comprise about 2 percent of the state's funding for public education – an effort shared by local, state and federal governments.

For fiscal year 1994, more than \$64 million from Lottery proceeds have been appropriated to Missouri's public education programs by the Missouri Legislature through House Bills 2 and 3 from the 87th General Assembly. The following is a list of programs that will receive Lottery proceeds.

Missouri Department of Elementary and Secondary Education

\$44,356,412

\$20,562,648 (100 percent of total program funding)

Career Ladder Program

These funds provide salary supplements for teachers through the Excellence in Education Act's Career Ladder Program. Through this program, teachers are rewarded through salary supplements for completing advanced training.

\$6,000,000 (100 percent of total program funding)

Incentive Grants

This program provides grants to teachers and school districts to develop or duplicate innovative instructional projects that meet local needs.

\$5,747,442 (67.6 percent of total program funding)

Minimum Salary

Established by the 1985 Excellence in Education Act, this program guarantees that teachers receive a minimum salary of \$18,000.

\$5,188,322 (26.9 percent of total program funding)

Disability Services

These funds help local schools provide screening and therapeutic services to children ages 3-4 with disabilities.

\$3,085,000 (100 percent of total program funding)

At-Risk Children Program

This program was created by the state's legislature in 1990, but has not been funded in the past. These funds will be used to continue programs established for children at risk of academic failure, including half-day programs for developmentally-delayed and at-risk preschool children; guidance counselors to work with school-aged children; and teacher training.

\$1,300,000 (2.2 percent of total program funding)

Vocational Rehabilitation Program

These funds will be used to provide incentives to vocational programs to offer high-quality programs, match current requests by vocational education programs to replace worn and obsolete equipment and provide short-term supplemental and long-term skill training to adults.

\$550,000 (100 percent of total program funding)

Caring Communities Program

This project attempts to reach families with children at risk of educational under-achievement, crime-related problems and removal from families.

\$500,000 (99.9 percent of total program funding)

Statewide Telecommunications and Information Network

This will link the state's public schools with each other, the Department of Elementary and Secondary Education, Missouri colleges and universities and other education contacts nationally.

\$372,500 (100 percent of total program funding)

Professional Development

The funds will be used for professional development of educators, including the Leadership in Educational Administration Development Program.

\$300,000 (100 percent of total program funding)

Project Construct

Through this program about 900 teachers and administrators will be trained in the methods of Project Construct – a curriculum and assessment framework for children ages 3-7. This program is based on the premise that children's knowledge develops through interaction with the physical and social environment.

\$300,000 (100 percent of total program funding)

Parents as Teachers Program

This money is distributed to local school districts to support developmental screening services for young children, birth to age 5.

\$167,932 (.67 percent of total program funding)

State Schools for Severely Handicapped

These funds will be used for personal service and/or expense and equipment and contracted educational services.

\$100,000 (100 percent of total program funding)

Research on Education Programs

These funds help educators develop programs that improve academic achievement.

\$66,568 (100 percent of total program funding)

Administration Costs

These funds will be used to evaluate the effectiveness of educational programs.
